

October 18, 2017

St. Luke the Evangelist

Dear Parents & Guardians,

Our Registration for new students is open for the 2018-2019 school year. We hosted our first Open House and are beginning to receive applications. In order to enroll these new students, I am asking that you take a moment to complete an application through TADS if you have another child that you would like to attend St. Elizabeth School next year. Siblings will receive priority status after we seat our existing students. Application instructions are below. Please submit the application no later than Wednesday, October 25th. We want to make sure we hold your spot in the right section.

This is not a registration form. In January, you will be sent a registration form for your returning students.

We are so pleased to have an early interest in our programs. Our next Open House is on December 13th from 9 to 11:00 am. If you have any friends that might be interested in St. Elizabeth School for next year please encourage them to come by and take a tour. If you have a suggestion for a place that you frequent such as a library, community center, etc that you feel would put up a sign advertising our Open House please let me know and I will get you a copy of our flier.

Thanks to everyone that has already recommended St. Elizabeth School to a friend. Most of the new families that have come in were referred by a St. Elizabeth School family, and we are grateful for the continued support.

Sincerely,

Vincent Spadoni

Sande Leffew

Principal

Director of Admissions

The steps you need to fill out the application for an additional child.

1. Log into your existing TADS account

2. Click on Admissions and fill out a new application for the 2018-2019 school year
3. The required documents can be uploaded directly into TADS. These are not required to complete the application.
4. There is no application fee for siblings. Siblings will be charged the \$106 re-registration fee in January when you re-register all of your children.

I Hope this helps. Feel free to contact me if you have any further questions.
